"A LASER DUEL IN SPACE"

FEATURES

Light lasers . . beams of incredible destructive power . . . flashing through space with the speed or light . . . Can you dodge in time?

Can you shoot the enamy before he shoots you?

Can you stand up to the challenge of SPACE LASER?

Your opponent has all the laser power that you have. He also has the sama ability to dodge and avoid that you have. Sharpness of eye and coordination of reflexes determines the winner.

But you better not waste shots . . When your fuel supply gets too low your laser power fails!!
